- Prezzi competitivi senza rinunciare alla qualità.
- Cura del prodotto in ogni fase: dalla progettazione alla finitura.

La nostra storia

Nata come realtà locale, EP-PORTE ha saputo crescere e innovarsi, diventando un punto di riferimento nel settore delle porte per interni. La costante attenzione al design e alla tecnologia ci ha permesso di affermarci sul mercato nazionale e sui mercati internazionali, e di consolidare relazioni durature con partner e clienti.

Progetti futuri

Il nostro obiettivo è ampliare la distribuzione grazie a una rete di agenti commerciali, rafforzando la presenza sul mercato, e continuare a innovare con prodotti che rispondano alle esigenze di architetti, designer e rivenditori.

Who we are

Founded in 1977 in Grassobbio, Bergamo, EP-PORTE is an Italian company specialized in the production of interior doors. For over forty years, we have been creating design-oriented and functional solutions, standing out for quality, reliability, service, and attention to detail.

What We Do

Born as a family business, EP-PORTE has grown into a key reference point in the door industry. Our core business is the production of FLUSH-TO-WALL DOORS, (FILOPARETE) along with a wide range of other models. Our HIGH-GLOSS POLYESTER LACQUER FINISHES are a distinctive strength, highly appreciated by our retailers and dealers worldwide. These refined and exclusive finishes are designed to harmoniously blend into all contemporary architectural spaces. Every product is crafted with artisanal precision and refined using advanced technologies, ensuring durability, aesthetics, and functionality.

Our Clients

We work closely with specialized retailers and architectural firms, offering customized solutions and comprehensive support - from technical consulting to delivery.

Our Strengths

- Dedicated and timely customer service.
- Qualified technical assistance.
- Competitive pricing without compromising on quality.
- Attention to detail in every phase: from design to finishing.

Our Story

From its beginnings as a local business, EP-PORTE has grown and evolved, becoming a trusted reference in the interior door sector. Constant focus on design and technology has allowed us to establish a strong presence in both national and international markets, building long-term relationships with partners and clients.

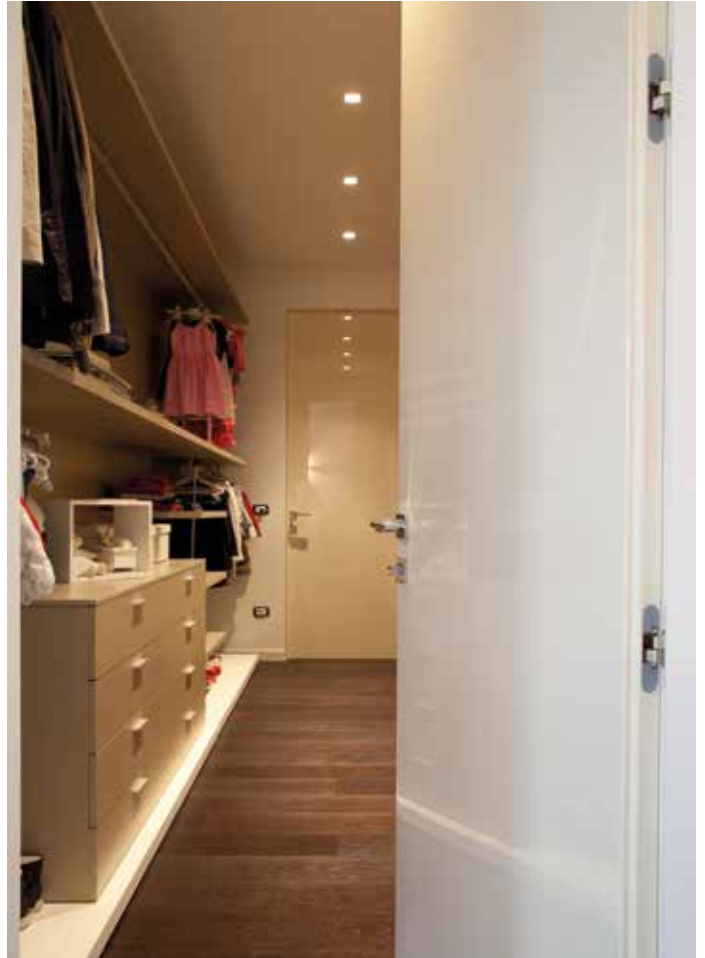

Looking Ahead

Our goal is to expand distribution through a growing network of sales agents, strengthen our market presence, and continue to innovate with products that meet the needs of architects, designers, and retailers.

1 RESISTENZA STRENGTH

Serratura magnetica concepita con innovativi materiali in grado di assicurare il perfetto funzionamento della serratura anche nelle situazioni ambientali più estreme (umidità, polveri, agenti chimici).

Magnetic lock created with innovative materials in order to ensure the lock functioning even with extreme weather conditions (humidity, dust, chemical agents).

2 INNOVAZIONE INNOVATION

Continua evoluzione: la nuova tecnologia che esalta le performance delle serrature magnetiche.

Keep evolving: the new technology enhances the performances of magnetic locks.

3 SIMMETRIA SYMMETRY

Lo scrocco magnetico e simmetrico rende la serratura ambidestra eliminando la problematica dell'inversione dello scrocco.

The magnetic and symmetric latch makes the lock nonhanded avoiding the problem of latch reverse.
